Hannah Barrett is a Researcher & Program Manager with the Traffic Injury Research Foundation (TIRF) since 2016. She has a Master's degree in Criminology and Criminal Justice Policy from the University of Guelph. Hannah's research includes work on alcohol ignition interlocks, alcohol-impaired driving, safe rides, and wildlife-vehicle collisions. Hannah has been actively involved in TIRF's technical assistance on alcohol ignition interlocks and impaired driving countermeasures through the cooperative agreement with NHTSA

Career and research highlights:

Hannah researches in various areas of road safety, such as alcohol ignition interlocks, alcohol-impaired driving, cannabis impaired driving, distracted driving, safe rides, safe routes to school, and wildlife-vehicle collisions.

Hannah has authored reports and articles in both grey literature and peer-reviewed academic literature on a variety of topics including alcohol-impaired driving, wildlife-vehicle collisions, safe rides (i.e., alternative transportation), alcohol-impaired driving prevention, drinking and driving road safety campaigns, and alcohol ignition interlocks. She has experience with data collection, management, qualitative data coding, and quantitative statistical methods.

Hannah delivers technical assistance to jurisdictions across the United States to strengthen impaired driving systems and support the implementation of effective programs. She is also a contributor to the Working Group on DWI System Improvements and the Association of Ignition Interlock Program Administrators (AIIPA) since 2017.

Since 2022, Hannah has completed multiple Project Management courses at Conestoga College.

Academic highlights:

- > Masters of Arts in Criminology and Criminal Justice Policy from the University of Guelph.
- > Bachelor of Arts in Honours Criminology from St. Thomas University, specializing in research topics related to sexual consent, sexual scripts, and sexual assault prevention campaigns.
